CGPA at preset - 8.75

Awards

Krypthon Hackathon
March 2023

Attended a Hackathon hosted in college, where our team placed among the top 20 finalists.

Projects

1. **Artemis (Full-Stack website):** It is a full-stack website on healthcare made for a college hackathon. It connects doctors and patients. It is user-friendly and very useful. It has features like user authentication and a chat option.
2. **Sociopedia (Full-Stack Website):** It is a social media website that you can sign up for and login to. You can post photos with captions, add friends, and like and comment on posts. It is easy to use and offers a variety of options. It has a profile page, friend-list, etc.
3. **Tic-Tac-Toe (Front-End Website):** It is a game of tic-tac-toe with a small twist that one can play for fun.
4. **Spotify Clone (Front-End Website)**
